General English + IELTS = Budget Option

Age group	16+	Length	1-24 weeks
Periods per week	16	Course schedule	Monday-Thursday
Start dates 2023	Jan 2, Jan 30, Feb 27, Mar 27, Apr 24, May 22, Jun 19, Jul 17, Aug 14, Sep 11, Oct 9, Nov 6, Dec 4		
Aims	This course on 6 levels (A1, A2, B1, B1+, B2, C1 CEF) prepares you for using English in real-life situations outside of the classroom. It aims to improve your daily communication skills by introducing a range of interesting and relevant topics with each new unit.		

This program consists of 20 periods per week (15 hours) and it is recommended to learners who want to improve their English-language skills at a steady, yet not too intense

pace. This budget option allows students who want to travel and experience Canada to do so at the weekend, on three full days while also walking them through a full IELTS exam.

IELTS full time

Age group	16+	Length	1-16 weeks
Student level	B1-C1	Course schedule	Monday-Thursday
Periods per week	16	Start dates 2023	Jan 2, Jan 30, Feb 27, Mar 27, Apr 24, May 22, Jun 19, Jul 17, Aug 14, Sep 11, Oct 9, Nov 6, Dec 4

This full-time program consists of 4 sessions, 16 periods per week (12 hours), and it is recommended to learners who need to present test scores for college or university admission or for immigration. It is also an excellent complementary course for the students in the General English program who are looking for a job or want to immigrate. It can be equally beneficial to those students in the English for College program who are considering applying to a top university that requires high IELTS scores. Students will be tested with full exams at the end of each one

of the four sessions.

Depending on the IELTS score you need, we can tailor your course of studies. For example: if you are looking for a 6.0 score in IELTS, you are best prepared to get it if you complete our B1+ General English level and at least 2 sessions of IELTS prep. If you need 6.5 minimum or 7.0, then you are best prepared if you either complete the C1 level in our General English program and 2 IELTS sessions or if you complete our English for College program (C1) and one IELTS Preparation session.

In-school activities

All in-school activities are FREE of charge. All students are welcome.

Survival French

All ULC students have access to a free French class per week. Our survival French program teaches students the basic grammar and vocabulary they would need to get around in Montreal.

Movie Club

The movie club is where students who love movies meet to watch great movies and discuss them. This is one of the most engaging ways to improve your English and learn more about English culture from the teachers leading the post-viewing discussion.

City Walking Tour

With one or more of our staff, students beat the streets around campus, to visit the Old Port, the Old City, walk to the waterfront and admire the river, or visit a famous university campus.

Football Club

Arguably the most exciting club, this is the place where one learns to talk about football and express joy (or frustration) about various game outcomes. ULC management is partial to Manchester United and happy to discuss Premier League and other games of the week.

Trivia Club

Students have fun playing games and competing against rival teams. Playing Trivia Games is a great way to learn new facts about American and Canadian cultures, about pop stars and athletes, or about video games. The winning team always gets a prize!

Academic Support

Homework help

At ULC, students who need help with their homework can simply come to the office and talk to the Head Teacher or to one of the teachers around. Any teacher available will be happy to answer questions and guide the students. This is what OPEN DOORS policy means!

Private classes

Students who need to move fast and get ahead with their English-language training can request private classes. These can be done on campus or online, during the week, in the afternoon or evening. Sometimes, when students have certain difficulties but a tight schedule, they might be advised to take some private classes to help them improve.

Open doors policy

At ULC, the entire staff has experience in education, particularly international education. This means that whatever the problem a student might have, we can help. Students can come and ask for help or guidance, and the staff will be there for them. This is our promise!

This course starts in level 2 (A2 level CEF) and it is ideal for students who are looking to continue their studies in college or university. Levels B1 and B1+

cover the Cambridge IGCSE English curriculum. Levels B2 and C1 cover the Cambridge A-level English curriculum.

Pathway Support

Academic Counseling

If students need a high IELTS score, we can make it happen fast, provided they take the courses we map out for them. Language is acquired in time and the time invested in learning matters. But it shouldn't be longer than 6 months, if possible.

Program matching

We counsel students honestly. We tell them about their best chances, best choices and we support their decisions. Choosing the right program, whether college or university, is a deciding factor in our students' personal success story.

College/University application support

Applying for college or university can be daunting. Our staff is well-versed and will accompany you step-by-step in the process, from filling out your application, preparing the documents you need to submit, to getting your Conditional or Full Admission.

Pathway Partners

Herzing College

ULC has a privileged relationship with Herzing College, Montreal. Students who study at ULC study on Herzing College's campus and get a preview of their college experience. Studying at ULC and successfully completing the English for College and University program level B2 ensures that applicants to Herzing College have the language level required to be admitted. Other conditions might apply, depending on the chosen program. ULC students can request to audit classes at the college at no extra cost if they think they are interested in one of the programs.

ULC Language Requirement: English for College and University, Level B2.

Herzing College programs: Business Administration Marketing and Sales; Computer Aided Design and Drafting; Microcomputers and Networking Systems; Sustainable Architecture; Early Childhood Education.

Bishop's University

ULC has a pathway with one of Canada's top universities for undergraduate programs: Bishop's. Students need to complete the highest level (C1) in the English for College and University program to qualify for admission. No IELTS or TOEFL required!

Located in Sherbrooke, in the Eastern Townships region of Quebec, Canada, the university's beautiful campus and small class sizes foster a friendly atmosphere. Bishop's Faculty of Arts and Science offers a wide selection of courses and programs through its three divisions: Humanities, Natural Sciences and Mathematics, and Social Sciences.

Some of the more popular majors include psychology, English, history, neuroscience, sports studies, business, and pre-medicine.

Lester B. Pearson School Board

ULC's pathway to Lester B Pearson School Board's programs for international students is straightforward: students need to reach level B2 in General English to be fully admitted into one of the Diploma programs at LBP. No IELTS or TOEFL or other language proof is necessary. ULC students can apply to LBP once they are studying in the language program and receive a Conditional Letter of Acceptance. Once they complete the B2 level successfully, they can apply for Study Permit and CAQ from within Canada. After they finish their program, students qualify for the Post-Graduation Work Permit.

ULC staff can organize student visits to any of the campuses of the college and have students meet with counselors and teachers who can answer their questions.

Lester B. Pearson programs: Beauty Care; Automobile Mechanics; Business; Construction; Design; IT; Food; Health Care and Safety.

Cambridge Subjects: Business and Travel & Tourism

Age group	16+	Length	1-16 weeks
Student level	B1-C1	Course schedule	Monday-Thursday
Periods per week	16	Start dates 2023	Jan 2, Jan 30, Feb 27, Mar 27, Apr 24, May 22, Jun 19, Jul 17, Aug 14, Sep 11, Oct 9, Nov 6, Dec 4

These courses can be joined once students reach level 3 (B1 level CEF). Ideal for students who are looking to continue their studies in college or university in one of these domains or for students who work in a Business or Tourism job and who need to become bilingual in their fields of employment. This is more than Business English or Travel, more than a language course. It is an introduction to the field of Business (or, if the case may be, Travel and Tourism) at the level taught in junior colleges in Quebec.

Both the Business course and the Travel and Tourism

course use the Cambridge Assessment International curriculum and course materials. Students work with the AS/A-level coursebooks and can register as independent students to take the Cambridge A-level examination. Together with the A-level English (our English for College and University program, C1-level) students can take two (or three) A-level Cambridge examinations and once they obtain their UK certificates for two courses, they can apply to universities all over the world. We advise students to take the full 16 weeks, but courses are open to students who want to try them for four, eight or 12 weeks.
